the problem

NoJam

paralysis of urban mobility: fragmented data and late responses

rigid geographical conformation

official data "lost" in PDFs

big apps locally “blind”

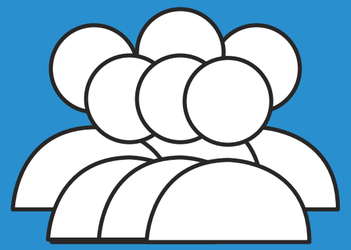

the solution

NoJam

dual platform for iper-local and predictive mobility

PA

community

NoJam

optimized routes

dynamic alerts

advantages

NoJam

why NoJam? territorial granularity and scalable model

NoJam VS

- territorial focus
- predictive approach
- direct PA integration

- global coverage
- reactive approach
- ufficial data missing
